VIRTUAL ESCAPE ROOMS

Play an escape room with your family and friends online.

HOW IT WORKS

Mystery Escape Room's Virtual Escape Room Events happen completely online by using video conferencing software to connect you to your family and friends. You are joined on the conference call by an official Mystery Escape Room Guide who can help answer any questions throughout the event. Your team will be given a website that hosts the virtual escape room world. Once your team has entered, they can start working together to solve the escape room by exploring the virtual world.
